

Team Development Workshop Sample 1

A fun and rewarding session to really rev up team dynamics is a one day Team Management Profile workshop. These workshops allow teams an opportunity to really understand who they work with, and learn how to maximise the team strengths.

Workshop Objective

Improve team performance through reviewing and understanding the work styles in the team.

Workshop Content

1. Identify your own approach to work
2. Understand the way your colleagues approach work
3. Learn 'pacing strategies' how to best interact with colleagues with different work styles, and maximise the benefit of different approaches
4. Review the combined work dynamics of the team – how to utilise strengths, and manage development areas.
5. Have a good fun day out of the office together

At the end of the day you walk away with each team member more aware of how to manage their 'default' work style, improved communication and collaboration between team members, written insights into the team dynamics, and team developed actions outlining improvement opportunities. Every manager's dream!

Investment

Preparation, facilitation, debrief report and workshop materials AU\$3500 per workshop day. Maximum of 16 participants

Team Management Profiles AU\$150 per person.
